

SNIPES EUROPEANS CHAMPIONSHIP 2016
RCR Santiago de la Ribera (Spain)

From: ORGANIZING AUTHORITY
To: MEASURERS
Subject: INSTRUCTIONS FOR STICKERS

May, 9th 2016

Before fixing the stickers to the elements, please REMEMBER:

- 1) All the fields in the EIS (Equipment Inspection Sheet) must be filled.
- 2) We enclose an Autocad plans for the rudder that will be used during the Championship and a draw of the gauge to check the thick and width.
- 3) Although all boats will be weighted, it must be indicated in the diagram of the EIS the allocation of the ballast (5 boxes to use).
- 4) You will receive 6 stickers for each boat that must be signed by the measurer and the hull number of the boat, placing them always in **STARBOARD SIDE**:

Hull:	Close to the hole in the deck where the mast goes through.
Mast:	Closest to the gooseneck above the low band.
Boom:	Forward end
Whiskerpole:	Forward end
Centerboard:	Just below the forward rubber (stopper)
Rudder:	Closest to the upper fitting.

If further information about the stickers is needed, don't hesitate to contact: peperez@granjapark.com
